

Christ Church C.E. Primary School, Denshaw

The Key Priorities 2022-23

To provide a consistent approach to teaching & learning which acknowledges our own personal styles of teaching.

'What is learned must be taught'.

To offer a high quality English curriculum. This will inspire our children to produce 'amazing' pieces of work.

All children to be avid readers and engaged writers

To ensure every child develops positive mental health and resilience, our aim is to:

support children to make sense of their experience(s) find ways to manage their emotions and feelings

create an environment of safety, connection and compassion at all times

build a network of strong, positive, supportive relationships through training

ensure children maintain the capacity to learn, despite difficult events that may occur

To continue to develop the role of the subject leaders to ensure our curriculum and pedagogy is fit for our school. We will focus on embedding our intent, implementation and impact.

To promote the teaching of high quality maths to all our children, equipping them with the skills and knowledge to be successful throughout the school.
